Welcome to Quality English

This guide provides you with a very useful overview of the **independent** Quality English schools and colleges that we have carefully selected. The guide includes information about the **locations of the schools** as well as **what makes these schools unique**. The **course grids**, towards the end of this publication, offer an easy-to-use guide to the courses each school offers.

The past year has been one of dynamic growth and continued excellence for Quality English. We are delighted to have welcomed four exceptional new QE schools to our global community: CCEL (New Zealand), IH Newcastle (UK), Severnvale Academy (UK), and Avenue English (South Africa). Each of these institutions brings a proven dedication to excellence and has already made their mark by successfully attending several Missions and engaging in other collaborative activities since joining QE.

Our commitment to supporting our member schools remains steadfast. Through a diverse range of CPD opportunities - including our Academic Webinar Series, the newly launched Marketing Cooperative Group, and enhanced internal training - we continue to foster professional development and collaboration across our network.

At the beginning of 2025, we successfully launched the Quality Agent Membership Scheme, designed to recognise and celebrate outstanding and loyal education agents worldwide.

Together, these developments strengthen the global reputation of both our QE schools and Authorised Quality Agents, helping us uphold the highest standards across the international education industry.

JONATHAN SWINDELL, CHIEF EXECUTIVE

Quality English

Quality English (QE) schools are carefully selected from the best independent English language schools in English speaking countries. They are renowned for their quality and reputation, and offer a choice of general and specialised courses in desirable locations around the world. All schools are independently owned and managed. They are not part of a chain and each school has its own unique character.

All QE schools are accredited in their own countries and are regularly monitored by us through visits, student feedback and, in particular, agent references.

We host regular Missions (agent workshops) in key markets for our schools and e-Missions (online workshops). These workshops allow agents to meet with key decision-makers in a calm environment, highly conducive to building and reinforcing partnerships.

The Quality English logo is a mark of quality for independent English language schools. The logo is a sign of the school's commitment to academic excellence and student support. All schools that carry this logo must meet the same high standards set out, and regularly checked, by Quality English.
