What is Erasmus+?

Erasmus+ is the EU's programme to support education, training, youth and sport in Europe. With an estimated budget of 26.2 billion, the current programme has nearly double the funding compared to its predecessor programme (2014-2020).

The major topics amongst the 2021-2027 programme are: social inclusion, the green and digital transitions, and promoting young people's participation in democratic life.

An Erasmus+ can cover course fees, mobility travel expenses and accommodation.

Our QE Erasmus+ schools have many years' experience with Erasmus+ applications and programmes and offer a wide range of high-quality courses suitable for Erasmus+.

Ha'penny Bridge, Dublin

“I found the course CLIL: An Introduction to Content and Language Integrated Learning to be highly relevant to any teacher who wants to understand CLIL methodology, looking to enhance their teaching skills, and improve student engagement. The instructors were experts who explained the concept with easy-to-understand videos,

presentations and clear instructions. The course was very interesting and comprehensive. I have already implemented some of the things learnt in this course. I highly recommend it. Thank you!”

“Our two week course was packed with classes and activities. From day 1 I felt the course would be very special. Every day was different, filled with classes that were extremely engaging, a great mixture of methodology and Irish culture. It was really fascinating to discover that we all perceive education in a similar way despite coming from different countries and backgrounds.”
