Welcome to Quality English

This guide provides you with a very useful overview of the independent Quality English schools and colleges that we have carefully selected. The guide includes information about the locations of the schools as well as what makes these schools unique. The course grids, towards the end of this publication, offer an easy-to-use guide to the courses each school offers.

The past year has been one of growth and consolidation for Quality English, and we are proud to welcome eight exceptional new schools to our network: Future Learning, Equinox Education Services, and mackdonald language academy in Ireland; Elac Study Vacations, InTuition Languages, Sapphire Education, and Sevenoaks School in the UK; and GT Educational Center in the USA. Each of these institutions has been carefully selected for their commitment to quality, and we look forward to the expertise and energy they bring to our community.

Alongside this expansion, we are excited to introduce QE Talks, our new podcast series, which brings together voices from across the international education sector – sharing insights, best practice, and the stories behind some of the world's finest independent English language schools.

Supporting our member schools is at the heart of everything we do. Our Academic Webinar Series, Marketing Collaborative Group, and ongoing internal training programmes continue to provide valuable CPD opportunities, fostering collaboration and professional growth across the network. We are confident that these exciting developments will create new opportunities for our schools, our agents, and the students they serve – and we look forward to continuing to connect outstanding institutions with outstanding agents worldwide.

JONATHAN SWINDELL, CHIEF EXECUTIVE

Quality English

Quality English (QE) schools are carefully selected from the best independent English language schools in English speaking countries. They are renowned for their quality and reputation, and offer a choice of general and specialised courses in desirable locations around the world. All schools are independently owned and managed. They are not part of a chain and each school has its own unique character.

All QE schools are accredited in their own countries and are regularly monitored by us through visits, student feedback and, in particular, agent references.

We host regular Missions (agent workshops) in key markets for our schools and e-Missions (online workshops). These workshops allow agents to meet with key decision-makers in a calm environment, highly conducive to building and reinforcing partnerships.

The Quality English logo is a mark of quality for independent English language schools. The logo is a sign of the school's commitment to academic excellence and student support. All schools that carry this logo must meet the same high standards set out, and regularly checked, by Quality English.
